

Donor & Sponsor Onboarding

Transparent - Trackable - Time-locked

Welcome to Graduation Vaults

Graduation Vaults are individual, time-locked digital vaults created for each student. Every donation goes directly to the student's vault address, visible 24-7 and protected by a 2-of-3 multi-sig. Funds remain locked until graduation. SD Advisory Group never holds keys.

Zero-Custody by SD Advisory Group

SD Advisory Group provides the technology infrastructure only. We cannot move funds, sign transactions, or access vaults in any capacity. Vault custody belongs strictly to: - Parent or Student - School Official - Independent Trustee SD Advisors holds zero keys, zero access, zero control.

How Your Donation Works

1. Choose a student's vault. 2. Send your contribution. 3. Blockchain confirms instantly. 4. Dashboard updates automatically. 5. Funds remain time-locked until graduation.

24-7 Transparency Dashboard

Anyone may view: - Masked student name - Vault address - POL balance - USD value - Full transaction history - Lock status - Graduation countdown Just type the student's name into the search bar. No passwords - no accounts - no permissions needed.

Your Donation Is

A gift - transparent - trackable - time-locked for the student's future.

Your Donation Is Not

An investment product - savings account - pooled fund - yield vehicle - or anything under SD Advisor custody.

Ongoing Donor Visibility

You may bookmark the vault and monitor progress anytime. Contributions remain permanently visible on-chain. You can always confirm: - Incoming donations - Growth over time - Lock status - Graduation eligibility - Multi-sig configuration
