GRADUATION VAULTS — STUDENT GUIDE

Powered by Self-Defi

WHAT YOUR GRADUATION VAULT IS

Your Graduation Vault is a secure, time-locked donation vault created just for you. It is designed to give you a financial head start when you step into adulthood. It is not a bank account, not an investment, and not a savings app. It is a protected vault that unlocks when you graduate. Supporters contribute because they believe in your future.

HOW YOUR VAULT IS PROTECTED

Your vault is protected by a 3-of-4 multisignature system. Four trusted adults help safeguard your vault: your Parent or Guardian (mandatory signer), a School Representative, a Teacher/Staff/Counselor, and an Independent Trustee. Any action requires three approvals. SD Advisors holds zero keys and cannot access your funds.

WHAT YOU SEE IN YOUR DASHBOARD

You receive a read-only dashboard where you can view your balance, donation history, contributors, security status, and a countdown to your graduation unlock. You can see everything but cannot withdraw funds early.

WHAT DONATIONS MEAN FOR YOU

Every donation is a gift toward your future. Donations cannot be reversed, spent early, or used by the school or Self-Defi. All donations are recorded permanently on the blockchain for transparency.

UNLOCKING YOUR VAULT & EMERGENCY WITHDRAWALS

Your vault unlocks at graduation when your Parent/Guardian and two oversight signers approve. Emergency withdrawals are extremely rare and require approval from your Parent/Guardian, your School Representative, and the Independent Trustee. Without full approval, the vault stays locked.

IF YOU TRANSFER SCHOOLS

Your vault follows you. Your old school temporarily keeps its key until your new school verifies a new representative. Once verified, the old key is retired and replaced.

YOUR ROLE AS THE STUDENT

Your job is simple: keep your dashboard login safe, check your vault's progress, encourage supporters, stay engaged, and focus on your goals. Your vault represents the community's belief in the person you're becoming.

SUPPORT

If you need help viewing your dashboard or understanding how your vault works, speak with your Parent or School Representative or email support@self-defi.com (placeholder).

CLOSING MESSAGE

Your Graduation Vault is a foundation for your future—protected until the moment you graduate. People believe in you, support you, and want to see you succeed. Use it wisely when the time comes.
